

# Privacy Policy

Last updated: 25/12/2021

## 1. What kind of information do we collect?

When using our services and applications, we may collect some certain personally identifiable information that can be used to identify you as the license's owner. The information may include, but is not limited to, your name, your computer name, your email address, your hardware ID, such as harddrive ID, operating system ID.

## 2. How do we use information?

The aforementioned information will be used for the following purposes:

- Contact you from time to time with information regarding the application
- Identify the computer you are currently using to grant appropriate license to the application.

## 3. How is information shared?

The collected information will not be shared with any 3rd parties.

## 4. Data retention and deletion

The collected information will be kept during the use of the application and about 5 (five) years after you discontinue using the app (so the user can resume services quicker).

For any questions or queries regarding retention or deletion of your data please contact us by email [support@dig-ants.com](mailto:support@dig-ants.com).
